XII. Passports.

* * *

(b) (ii) Persian Embargo.—The procedure of issuing restricted British Passports valid for six months to British Indian Pilgrims remained the same as detailed in paragraph XI (b) (ii) of report for 1930 and 1931.

In 1932, 259 Restricted British Passports were issued to pilgrims returning to India through Persia. It would be much to the convenience of pilgrims if it is widely circulated that pilgrims who intend visiting 'Iraq and returning *via* Persia should obtain Persian visas on their pilgrim passes before sailing from India. In the case of those pilgrims who hold British Indian Passports and who after performing their pilgrimage in 'Iraq decide to return *via* Persia a Persian visa is obtainable in Bagdad but only with difficulty.

In many of these cases, applications are from persons who could have foreseen sufficiently early the necessity for taking out passports or for getting their old passports renewed. The District Magistrates and other officers who are authorised to sign the declaration forms are requested to impress on all intending applicants that unless their applications are received in good time, they cannot expect to get the passports on the dates on which they desire to have them.

GOVERNMENT OF INDIA.

ARMY DEPARTMENT.

New Delhi, the 9*th April* 1934.

To

ALL LOCAL GOVERNMENTS AND ADMINISTRATIONS.

Policy and procedure in regard to the forfeiture of military pensions and other military awards.

SIR,

It has been represented to the Government of India that it is desirable that they should re-affirm, and in certain respects amplify, the orders which have been issued from time to time in regard to the continuance or forfeiture of pensions, rewards, etc., earned by military service, the holders of which become involved in some form of seditious agitation or disloyalty

towards Government. The Government of India understand that there is a feeling among serving soldiers in particular that the intentions of Government in regard to this matter should be made clear and should be consistently carried out; and the Governor-General in Council is accordingly pleased to issue the following instructions on the subject.: —

2. The liability to forfeit pension may be incurred without a pensioner having been actually convicted by a criminal court of an offence connoting disaffection or disloyalty towards Government: in other cases, the liability arises directly from such conviction. In order to determine the practice and procedure which should be followed, it is necessary to deal with these two classes of cases separately, and it is also necessary to make it clear that there must be a difference of treatment in regard to (*i*) pensions, *jangi inams*, and other forms of recurring money payments, and (*ii*) grants of land given as rewards for military service.

3. *Cases in which the liability to forfeit pension is incurred without the pensioner having been actually convicted of an offence connoting disaffection or disloyalty towards Government.*—The Government of India have decided that the following principles shall apply :—

(*i*) Subject to the investigation of each case on its merits, seditious and violent agitation against the administration falls within the meaning of the expression "grave misconduct" for the purposes of paragraph 184, Pension Regulations, and agitation in the form of passive resistance to the orders of Government or advocacy of such a course may, in certain circumstances, be examined, amount to "grave misconduct";

(*ii*) active support or advocacy of the civil disobedience or non-co-operation or allied movements which aim at subverting the Government by law established also constitutes "grave misconduct" for the purposes of the rule cited above, each case being treated on its merits [*vide* A. D. letter No. B.-27139-1 (A. G.-8), dated the 16th November 1933];

(*iii*) a warning should be given to the pensioner before penal action is resorted to, but the Local Government or Administration may, at their discretion, dispense with such a warning.

It must be recognised, however, that these pensioners are not amenable to the Indian Army Act, and the military authorities will not take any action unless and until a Local Government or Administration makes a definite recommendation to the District Commander, to the effect that a pensioner should forfeit his pension. On receipt of such a recommendation, the question of withdrawing the pension under the provisions of paragraph 184, Pension Regulations, will be considered by the District Commander to whom authority is hereby granted—

(*i*) to order the forfeiture of pension in all such cases, and

(*ii*) to restore the pension from such date as is considered suitable in cases where the Local Government or Administration and the District Commander are satisfied, on a guarantee of future good behaviour having been given, that this ought to be done.

The Government of India desire to emphasise that these instructions are intended to be acted upon, and that it is particularly desirable in present circumstances that adequate use should be made of them. It will be observed that under these instructions action has to be initiated by the civil authorities; and the civil authorities may feel less reluctance in taking action if they realise that it is not the intention that a pension withdrawn under these orders should in all cases be permanently forfeited.

4. *Cases in which the liability to forfeit pension arises out of the pensioner having been convicted of some offence connoting disaffection or disloyalty towards Government.*—In these cases, the military pensioner will automatically forfeit his pension from the date of his arrest and the forfeiture of pension will continue during the period of imprisonment and thereafter unless and until orders specifically directing the restoration of the pension are obtained. It will rest with the pensioner, if he desires to have his pension restored, to make an application to the civil authorities, and if the Local Government, or Administration, on a consideration of all the circumstances of the case, consider that leniency would be justified and make a recommendation to that effect, the District Commander, on receipt of the recommendation and a written assurance from the pensioner of future loyalty and good behaviour, may in his discretion direct the restoration of the pension from such date as he may determine, but in no case from a date prior to the pensioner's release from prison.

5. The orders contained in the two preceding paragraphs will apply to every form of military pension, except family pensions, drawn by females and minor children and will extend also assignments of land revenue and cash *jaghirs* granted as rewards for military service [amended by A. D. letter No. A.—29162 (A. G.-8), dated 8th December 1925].

6. *Cases in which the reward to be forfeited is a grant of land, held subject to a condition of loyalty.*—Instructions on this subject also have already been issued, *vide* the Government of India, Revenue and Agriculture Department, Circular letter No. 254-C., dated the 22nd February 1918, addressed to all Local Governments (copy attached). The further practice and procedure laid down in paragraphs 3 and 4 of this letter will, with one important exception, apply generally to these cases also. The exception to be made arises out of the fact that it is hardly practicable to prescribe absolutely that a grant of land shall be automatically forfeited upon arrest or conviction. In cases where a land grant is affected, therefore, and the grant, under the terms on which it is held, is liable to forfeiture, the following shall be the procedure:—

(*a*) Action will be initiated by the civil authorities.

(*b*) It will be appropriate in certain cases, before penal action is taken, to give the grantee a severe warning and an opportunity to mend his ways. But the Local Government or Administration acting in consultation with the District Commander will be at liberty to resume without warning in such cases as they think merit the extreme penalty.

(*c*) The concurrence of the District Commander should be obtained in all cases before the grant is withdrawn.

(*d*) As in the case of pensions, and on the same terms and conditions, it will be open to the Local Government or administration, in consultation with the District Commander, to restore the grant in cases where it has been forfeited temporarily.

The Government of India desire in the case of land grants also, which are liable to forfeiture, that full use should be made of the powers conferred, now and at all times. It would be intolerable from every point of view, and particularly in the regard of loyal serving soldiers and loyal military pensioners that individuals who hold gifts of land, on the condition of loyal behaviour and active support of Government, should continue to enjoy those gifts when they have obviously ceased to honour the condition in the letter or in the spirit.

7. I am to request that, with the permission of His Excellency the Governor in Council etc. the widest publicity may be given to these instructions: the Government of India themselves will take steps to ensure that they are made known to serving soldiers, through the medium of the *Fauji Akhbar* and other channels.

8. Army Department letters Nos. A.—9340-1 (A. G.-8) and A.—18849-1 (A. G.-8), dated the 16th March 1922 and the 5th October 1923, respectively, are hereby cancelled.

I am,

SIR,

Your most obedient servant,

(Sd.) PHILIP MASON,

Under Secretary to the Government of India

DEVELOPMENT SECRETARIAT

No. D. 6156—*C. S.* 30-33-11, *dated 29th June* 1934.

The following draft additions and amendments to the Rules issued under Section 44 of the Mysore Co-operative Regulation VII of 1918 as amended by Regulation V of 1919 and VI of 1933, are hereby published for general information. All suggestions for additions, alterations or omissions by persons or bodies likely to be affected by these rules may be forwarded so as to reach the Secretary to Government, Development Department within two months from the date of the publication of this notification in the *Mysore Gazette*, after which they will be taken into consideration by Government.

Any suggestions received after the due date will not receive consideration.

Substitute the following for Rule 16.

"16 (i). The reference to the Registrar of any dispute under Section 43-A. of the Mysore Co-operative Societies' Regulation No. VII of 1918, shall be in writing and shall be

submitted in the form, if any, prescribed by the Registrar and duly stamped in accordance with the orders of Government, if any, issued in this behalf.

16. (ii). Where one of the parties to the dispute is a minor or a person of unsound mind, the Registrar on being satisfied of the fact of his minority or unsoundness of mind, shall appoint a proper person to be guardian for such minor or person of unsound mind, provided that the interest of such person is not adverse to that of the minor or the person of unsound mind. The Registrar may, for sufficient reasons, permit such person to retire or may remove him and appoint a new guardian in his place.

16. (iii) When the Registrar refers a dispute to arbitration, he may decide whether the arbitration shall be by one person or by more than one. If the arbitration is by one person, the Arbitrator shall be appointed by the Registrar. If the arbitration is by more than one person, the Board of Arbitrators shall consist of three persons of whom one shall be appointed by the Registrar at the time of referring the dispute to the arbitration, one by the Society and one by the person or persons by or against whom the dispute is made. The nomination referred to above shall be made by the parties concerned within fifteen days after notice by the Registrar, failing which, the Registrar may himself make the nominations. The person appointed by the Registrar to the Board of Arbitrators shall be the Chairman of the Board.

16. (iv). In proceedings under this rule, the evidence of the parties, and witnesses who attend shall be taken down *on oath* in full, in writing, in English if the Arbitrator or the Board of Arbitrators is so authorised by the Registrar, or in Kannada and shall be signed by the Registrar, Arbitrator or persons constituting the Board of Arbitrators and upon the evidence so recorded and upon consideration of any documentary evidence produced by either side, a decision, or award as the case may be, shall be given in accordance with justice, equity and good conscience and such decision shall be reduced to writing and signed by the Registrar, Arbitrator or persons constituting the Board of Arbitrators as the case may be. If any party duly summoned to attend fails to appear, the dispute may be heard *ex-parte*. *Ex-parte* decisions or awards may, on sufficient and satisfactory cause for non-attendance being shown, be set aside by the Registrar and the dispute ordered to be disposed of on merits. But applications for setting aside the *ex-parte* decisions should be made within one month from the date of decision or award or from the date of knowledge of such decision or award having been passed. Applications for setting aside *ex-parte* decisions or awards should be disposed of on hearing or on giving reasonable opportunity for being heard to both the parties to the dispute.

16. (v). When any dispute referred to arbitration under (iii) above is not decided by the Arbitrator or Board of Arbitrators within two months or such further period as the Registrar may allow, the Registrar may withdraw the reference and decide it himself or transfer it for disposal to any person empowered by Government to dispose of such references or refer it for disposal to another Arbitrator or Board of Arbitrators.

16. (vi) (*a*). In disputes settled by a Board of Arbitrators, the awards shall be in accordance with the decisions of the majority of the members of the Board where it is not unanimous.

(*b*) When an award has been made, the person or persons who made it should cause it to be filed in the Office of the Registrar together with any depositions and documents which have been taken and proved before them and notice of the filing shall be given to the parties.

16. (vii). Where the decision or award involves the payment of money or delivery of grain and such payment is not made within one week or such further time as may be allowed by the Registrar, the Registrar shall send a copy of the decision or award to the Deputy Commissioner for its enforcement who shall thereupon enforce it as if it were a demand for arrears of land revenue. Provided that the Registrar may, on the application of the decree-holder, send such decree for execution to the Civil Court having jurisdiction over the subject matter of the decree or award, instead of sending it to the Deputy Commissioner as aforesaid; whereupon, such court shall execute the decision or award as if it were a decree passed by itself. Where the decision of award involves the payment of money and the person or persons against whom the decision or award is made are employed in the permanent or temporary service of the Government of His Highness the Maharaja of Mysore, or of any local authority within the Mysore State, the Registrar may send the decision or award to the Head of the Office or Department or local authority in which the person or persons are employed for enforcement and such officer shall execute it as if it were a decree of a Civil Court.

16. (viii) In proceedings under this Rule before the Registrar, the Arbitrator or Body of Arbitrators or other person deciding the dispute, no party to the dispute shall be represented by a Legal Practitioner.

16. (ix) (a) The appeal contemplated in Sub-Section (5) of Section 43 A. of the Regulation shall be preferred in the form of a Memorandum signed by the appellant and presented to the Registrar or Government as the case may be. The Memorandum shall also be accompanied by a copy of the decision appealed from or of the award and shall be stamped according to the scale fixed by Government for the decision of disputes under the said Section 43 A.

(b) The Memorandum shall set forth concisely and under distinct heads the grounds of objection to the decision appealed from without any argument or narrative and such grounds shall be numbered consecutively.

(c) When an appeal is filed, under the provisions of Section 43-A, Sub-section (5), the Registrar or Government may order the stay of execution of the decision appealed against on such terms as to giving security or otherwise, as he or they may deem fit until the appeal is disposed of."

Add the following Rule as Rule 29 :—

"29. The person authorised by the Registrar to hold an enquiry under Section 25 (I) shall be an officer not below the rank of a Sub-Assistant Registrar of Co-operative Societies or such other person as the Registrar may appoint in writing to hold this enquiry."

Add the following as Rule 30 :—

"30(1). Every summons issued under Regulation shall be in writing, and shall be authenticated by the signature and the seal, if any, of the officer, by whom it is issued.

Mode of Service of Summons.

It shall require the person summoned to appear before the said officer at a stated time and place, and shall specify whether his attendance is required for the purpose of giving evidence, or to produce a document, or for both purposes; and any particular document, the production of which is required, shall be described in the summons with reasonable accuracy.

2. Any person may be summoned to produce a document, without being summoned to give evidence; and any person summoned merely to produce a document shall be deemed to have complied with the summons if he causes such document to be produced, instead of attending personally to produce the same.

3. The service of summons under the Regulation on any person may be effected in any of the following ways :—

(a) by giving or tendering it to such person; or

(b) if such person is not found, by leaving it at his last-known place of abode or business or by giving or tendering it to some adult member of his family; or

(c) if the address of such person is known to the Registrar or other authorised person, by sending it to him by post registered; or

(d) if none of the means aforesaid is available, by affixing it in some conspicuous part of his last-known place of abode or business.

4. *Person served to sign acknowledgment* :—Where the serving officer delivers or or tenders a copy of the summons to the defendant personally or to an agent or other person on his behalf, he shall require the signature of the person to whom the copy is so delivered or tendered, to an acknowledgment of service endorsed on the original summons.

5. *Endorsement of time and manner of service* :—The serving officer shall in all cases in which the summons had been served under sub-rule (4), endorse or annex, or cause to be endorsed or annexed, on or to the original summons a return stating the time when and the manner in which the summons was served and the name and address of the person (if any) identifying the person served and witnessing the delivery or tender of the summons.

6. *Service on civil public officer or on servant of railway company or local authority* :—Where the defendant or the person summoned is a public officer or is the servant of a railway company or local authority, the officer issuing the summons may, if it appears that the summons may be most conveniently so served, send it by registered post prepaid for acknowledgment for service on the defendant or the person summoned to the head of the office in which he is employed together with a copy to be retained by the defendant for such other person:"

By Order,

M. VENKATANARANAPPA,
Secretary to Government,
Development Department.

1	Patel Thimmegowda and others of Belagavadi village.	21st June 1933	Praying (1) for the release of sufficient area in S. No. 19 gomal, from the proposed block for grazing purposes.	Statement of Patel Thimmegowda and others of Belagavadi	(1) The whole area in S. No. 19 proposed for the block may be excluded as most of the areas have been granted for cultivation before notification under section 4 and even the area that remains does not form a compact block as it comes between cultivation and besides gomal is insufficient for village cattle.	The entire area in S. No. 19 may be reserved as large portions of it have been given out for cultivation and the portions that remains is too small to be worth reserving.	...	
			(2) To give a right of way to Gokatte for watering the cattle as it lies in the centre of the proposed block in S. No. 19 of Belagavadi.		(2) This is unnecessary as whole S. No. 19 is excluded from the block.	This is unnecessary as the whole number has been reserved.	...	
2	Patel Naregowda and others of Gattipura village.		Praying (1) for the release of a certain portion in S. No. 50 Kharab included in the proposed forest as the existing gomal in S. No. 49 is insufficient.		This cannot be done as there is sufficient gomal in S. No. 49 even after grant of certain portion for cultivation.	(1) As there is adequate gomal reservation of any portion of S. No. 50 of grazing purposes is unnecessary. The prayers of the petitioners cannot be considered.	...	
			(2) To reserve the temple area in S. No. 50 of Gattipura for worship.		The area round about the temple may be excluded conveniently as it lies in the north-east corner of S. No. 50.	(2) The area round the temple should be reserved as shown in the map.	...

RESOLUTION.

Simla, the 26th May 1934.

No. 39.—For the purposes of the Notification No. 36—Customs, dated the 26th May 1934, the following instructions issued by the Governor-General in Council appointing the licensing authority for India (excluding Burma) and laying down the conditions for the grant of export licenses and certificates of origin for rubber exported from British Indian ports other than ports in Burma are published for general information :—

1. In these Rules—

(1) "Net exports" means the difference between the total imports of rubber during a period and the total exports of rubber during the same period, provided that imports or re-exports of articles and things manufactured wholly or partly of rubber shall not be included in arriving at net exports.

(2) "Rubber" includes—

(a) Rubber prepared from the leaves, bark or latex of any rubber plant and the latex of any rubber plant, whether fluid or coagulated, in any stage of the treatment to which it is subjected during the process of conversion into rubber, and latex in any state of concentration, and

(b) all articles and things manufactured in India wholly or partly of rubber.

(3) "Rubber plant" means and includes plants, trees, shrubs or vines of any of the following :—

(a) Hevea Braziliensis (Para Rubber),
(b) Manihot Glaziovii (Ceara Rubber),
(c) Castilloa elastica,
(d) Ficus elastica (Rambong),
(e) Any other plant which the Governor-General in Council may decide to be a rubber plant for the purpose of this Resolution.

(4) "Year" means the calendar year.

2. The licensing authority for India (excluding Burma) shall be a Committee, to be called the Indian Rubber Licensing Committee (hereinafter referred to as the Committee), representative of the rubber-growing industry and consisting of five members two of whom shall be nominated by the Government of Travancore and one each by the Government of Madras, the Cochin Durbar and the United Planters' Association of Southern India.

3. The Committee shall elect a Chairman and may appoint such Sub-Committees and executive officers as may be necessary for the efficient performance of the duties entrusted to it.

4. The Committee shall maintain an office at Kottayam or at such other place as may be convenient for the transaction of its business and may open offices in other localities should necessity arise.

5. The Committee shall maintain a record of the export quota allotted from time to time to each rubber estate or factory as determined in the manner hereafter mentioned and shall also maintain an account of all licenses issued against such quotas.

6. The permissible exportable amount for India (excluding Burma) for any period shall be the quantity of rubber equivalent to such percentage as may from time to time be fixed by the International Rubber Regulation Committee as the percentage of the basic quota which may be exported during that period. The net exports for such period shall not exceed the permissible exportable amount by more than 5 per cent.

Provided that if the net exports in any year exceed the permissible exportable amount for that year, the excess shall be deducted from the permissible exportable amount for the next year.

Provided also that if the net exports in any year are in deficit of the permissible exportable amount for that year, the deficit may be added to the permissible exportable amount for the next year subject to a maximum addition of 12 per cent of the permissible exportable amount of the year in which the deficit occurred.

Note.—The basic quotas allotted to India (excluding Burma) are as follows :—

1934 (June to December)	1935	1936	1937	1938
Tons.	Tons.	Tons.	Tons.	Tons.
7/12 x 6,850	8,250	9,000	9,000	9,250

7. The Committee shall not issue licenses for an amount which, less the difference between imports and re-exports, exceeds the permissible exportable amount by more than 5 per cent.

8. The quota for each estate shall be based on the "crop basis of the estate," that is, the accepted maximum production of that estate in any one of the six years 1928, 1929, 1930, 1931, 1932 and 1933, with the addition of an allowance for young rubber or untapped mature rubber or rubber for which authenticated figures of yield are not available on the scale set forth in the Schedule annexed hereto:

Provided that if for reasons recorded in writing the Committee is of opinion that the planted acreage is not capable of producing the yield as calculated in the manner described above, the Committee may in its discretion make such deduction therefrom as it thinks fit.

Provided further that where planting is scattered and calculation on an acreage basis is not possible, 150 trees of normal development shall be held to constitute an acre.

9. The quota of each estate shall bear the same ratio to the crop basis of that estate as the permissible exportable amount bears to the total of the crop basis of all rubber estates in India (excluding Burma).

10. The quota for each factory producing articles and things manufactured partly or wholly of rubber shall be the rubber equivalent of the maximum export of that factory in any one of the six years 1928, 1929, 1930, 1931, 1932 and 1933.

11. Export rights created by the allocation of a quota shall be transferable.

12. On application by a rubber-producer or manufacturer or by an exporter to whom export rights have been transferred by a producer or manufacturer, the Committee or the officer empowered by it in that behalf shall issue an export license and a certificate of origin covering the quantity proposed to be exported, provided that the unexhausted quota standing in the name of the producer or manufacturer, as the case may be, who desires to export or by whom the export rights have been transferred is sufficient to cover such quantity.

13. On production of a valid license and certificate or origin in duplicate to the Customs Collector at the place of export, the Customs Collector may permit shipment of the quantity of rubber covered by those documents.

14. Each license shall be valid for the period stated thereon provided that if the consignment covered by the license is presented for shipment before the end of such period and remains thereafter under Customs control until shipment is effected, the license will not be invalidated by reason only that shipment has not taken place within the stated period.

15. The records of the Committee shall be open at any time to inspection by any officer appointed in that behalf by the Governor-General in Council.

16. All acts of the Committee shall be subject to the control of the Governor-General in Council, who may cancel, suspend or modify as he thinks fit any such act.

SCHEDULE.

(RULE 8.)

The allowances for young rubber or untapped mature rubber or rubber for which authenticated figures of yield are not available in each of the years 1934, 1935, 1936, 1937 and 1938 shall be as set out in the following table:—

After discussion, the resolution was withdrawn as the Government said they would consider the whole question in connection with the report of the Inam Committee of 1932. The next resolution related to the extension of the Nanjangud-Chamrajnagar Railway line to Erode. The resolution was withdrawn in view of the Government's statement that all possible efforts were being made to induce the Government of India to take up the construction of this important link. The third resolution taken up recommended that special allotment be provided for development activities in the Kolar District, and after the statement by the Government that the special circumstances of the Kolar District have been kept in consideration in making allotments and that it was not possible to provide larger grants than are allotted at present owing to the present state of finances, the resolution was withdrawn. The fourth resolution moved related to the taking of prompt steps for the establishment of land mortgage banks on a large scale. This resolution evoked some discussion and the Government assured the House that they were willing to see that measures are taken to extend the operations of the Land Mortgage Bank scheme as early as practicable. The resolutions relating to the adoption of legislative and other measures to mitigate the burden of indebtedness and the reduction in the rate per unit of electricity consumed in rural areas for irrigation purposes were moved and withdrawn by the mover without discussion. The seventh resolution on the agenda related to the extension to all parts of the State of the provisions of the Weights and Measures Regulation and was withdrawn by the mover after the explanation offered by the Government. The last resolution moved recommended that steps be taken to institute a suitable scheme of economic enquiry of villages in the State and the same was withdrawn in view of the Government's statement that they would bear in mind this problem which was a big one.

Towards the close, the President referred to the conduct of a member who published in a newspaper remarks on the act of the President in disallowing certain questions and resolutions and observed that this action of the member amounted to a breach of the privileges of the House.

The Council thereupon adjourned *sine die*.

No. D. 2286—*A & E.* 82-34-2, *dated* 27*th September* 1934.

The following Press Communique dated the 20th September 1934, of the Imperial Council of Agricultural Research, regarding Coriander is published for general information.

PRESS COMMUNIQUE.

CORIANDER.

Simla, dated 20*th September* 1934.

Coriander is a commodity which rarely appears in statistics or official publications but which is a fairly important condiment in Indian cookery and is one of those minor crops which give a fairly high return to the cultivator. Grown mainly for internal consumption, we have never the less a substantial export which at present price is valued at about Rs. 5 lakhs per annum, our principal customers being the Straits Settlements and Ceylon.

During the visit of the Ceylon Trade Deputation in 1933 mention was made of the fact that Indian Coriander seed seemed to be losing ground in the Ceylon market and a complaint was received both in regard to its flavour and the purity of the samples. In particular it was stated that the Coriander seed shipped from India to Ceylon contained disproportionate amounts of husk and dirt and compared unfavourably with Coriander from Morocco.

Through the courtesy of the Chief Collector of Customs, Ceylon, the Imperial Council of Agricultural Research was able to obtain samples of Russian Coriander, Moroccan Coriander, Tuticorin Coriander and Rangoon Coriander as imported into Ceylon. For comparison typical trade samples of Coriander from the Udamalpet Market in the Coimbatore District were obtained. These were examined in detail by the Agricultural Chemist to Government, Madras, whose report is being published in the forthcoming number of Agriculture and Live Stock in India. The main results are of general interest as they provide a striking example of Indian produce of intrinsically good quality losing ground by reason of adulteration of the clumsiest character. The Tuticorin sample of Coriander contained about three-tenths per cent of stalk—a figure which coincides closely with that for Moroccan Coriander and the extraneous seeds and other grains amounted to also three-tenths per cent again the same as Moroccan Coriander but the extraneous material, in other words dirt, amounted to over 20 per cent as against less than one per cent for Moroccan produce. A sample from Rangoon contained 1-68 per cent stalk which was certainly excessive but contained only 0·10 per cent other grains and less than 4 per cent of extraneous material. The figures for local Coimbotore Coriander as sold in the bazaar for local consumption are most instructive—other grains amounted to one-ninth per cent and stalk to one-eighth per cent, so that taking it all round the Coimbatore District sample was the cleanest of all those examined. Three Russian samples contained very little stalk but higher amounts of 'other grains and seeds' than the Indian samples.

The essential oil content, which may be said to determine the pungency and efficacy of a sample of Coriander, was also determined and the Indian samples were in no way inferior to the Moroccan samples but on the whole had rather a higher trend. In regard to the flavour of the seed and the characters of the essential oil, the Indian samples were found to be highly satisfactory.

It is obvious that with even reasonable attention to cleanliness. Indian Coriander can easily hold its own and it is important that steps to this end should be taken for India cannot afford to lose any of its markets for these minor agricultural products which in the aggregate mean so much to the cultivator and market gardener.

Charan Das,
Secretary, Imperial Council of
Agricultural Research.

No. G. 2965—*G. M.* 1-34-5, *dated* 27—29*th September* 1934.

It is reported that a number of British Indians travelling on Pilgrim Passes issued in India who desired to return from Iraq *via* Persia recently arrived at Baghdad without having obtained a visa from the Persian Consular Authorities in India. In view of the fact that the Persian Consular Authorities in Iraq consistently refuse to grant visa on Pilgrim Passes issued in India, the pilgrims were obliged to obtain from the British Consulate, Baghdad, regular British Passports valid for six months only at a cost of Rs. 10 each, an additional expense which some of them could ill afford.

In view of the inconvenience and hardship to which Pilgrims are subjected due to their failing to obtain a Persian visa in India, intending Pilgrims are again warned that if they desire to return from Iraq through Persia it would be in their own interests and for their own convenience if they obtained a Persian visa from the Persian Consular Authorities in India to cover the return journey.

REPORT OF THE TRANSACTIONS OF THE BOARD FOR ADMINISTERING THE MYSORE DISTRESS RELIEF FUND FOR THE TWO YEARS FROM 1ST OCTOBER 1932 TO 1ST OCTOBER 1934.

The Board was reconstituted for a period of two years with effect from 1st October 1932. Three meetings were held during this period on the marginally noted dates.

26th May 1933.
17th April 1934.
29th September 1934.

2. As resolved by the previous Board at its meeting held on 27th August 1932, the Comptroller was appointed *Ex officio* Trustee for the custody of this Fund with power to operate on it, *i.e.*, to invest the Fund from time to time according to the wishes of the Board, to draw interest and credit it to the Fund and to pay moneys from out of the annual income for expenditure as required by the Board from time to time.

3. The Fund which had as its nucleus a sum of Rs. 73,500 in April 1927 had at its credit, Rs. 90,765-3-11 in July 1932 after deducting the amounts of relief granted up to that month. Out of this, a sum of Rs. 90,000 was kept as a Five-year Fixed Deposit with Government on 5th January 1933 yielding an interest of 5 per cent.

4. The Fund has at its credit a sum of Rs. 96,493-13-11 on the 1st September 1934 after a payment of Rs 3,305 in several cases of distress sanctioned by the Board from time to time during the last two years. The Board received during this period 25 applications for help and grants to the extent of Rs. 3,305 were sanctioned in respect of 16 of them.

The cases that were rejected were in respect of—

(1) recommendations made on behalf of one or two individual cases of distress;
(2) certain houses damaged by heavy rains; and
(3) an appeal for help from outside the State.

5. The purposes for which grants may be sanctioned out of the Fund were defined as follows at the meeting of the Board held on 18th April 1934:—

(1) Recommendation should be made for a grant from this Fund only in cases of wide spread distress and not in stray individual cases of hardship.
(2) It should be noted that the grants made from this Fund are only supplemental to the relief rendered by the Revenue and Forest Departments under the Rules in force and private charity.
(3) The funds placed at the disposal of the local authorities should be utilised for the relief of immediate distress such as free distribution of cloth and food grains tc., eand the distribution should be made as far as possible in the presence of the Amildar.
(4) The gratuitous relief should ordinarily be limited to Rs. 5 per family.

The Revenue Commissioner has issued circular instructions to the Deputy Commissioners accordingly.

6. Though it has been made clear that the amount sanctioned from this Fund should be utilised for the relief of immediate distress only, instances have come to notice of applications being made for help several months after the occurrence of distress. The necessity for prompt action in such cases cannot be too strongly urged.

List of grants sanctioned by the Board from 1st October 1932 to 1st October 1934.

"It is an admitted fact that health and efficiency depend on good food. Diet plays an important part in the formation of blood, bones and muscles. Unbalanced diet and insanitary surroundings are the root cause of many diseases such as intestinal and kidney troubles, malnutritional oedema, anaemia, rickets; scurvy, stone in the bladder, beri-beri, dental caries, eczema, night-blindness, osteomalacia, pellagra, nervousness and above all, lowering down of vitality, stunted growth and less resistance to diseases.

"The proper nutrition of our people, the adjustment of food-supply to the population and the provision of efficient sanitation in our villages and towns are the greatest needs of the present day.

"With a view to bring within the easy reach of the people a cheap but nutritious food, His Highness the Maharaja of Baroda introduced the cultivation of Soya Bean in the State by inaugurating the Plantation Ceremony in November 1933. Soya Bean Exhibitions were held in December 1933 in Baroda and in Bombay to demonstrate to the public the various preparations of Soya Bean. Soya Bean contains the highest amount of proteins 40 p. c., fat 20 p. c., three vitamins A. B. and D. and abundance of mineral salts of Calcium, Iron and Phosphorus. It gives the energy value of 2,100 calaries per pound. It supplies all the nourishment to human body.

"The fresh stock of Soya Bean seeds has been brought from Manchuria and is kept for sale at the address given above at 2 annas a pound and Rs. 5 a maund of 40 pounds.

Port at which the pilgrim proposes to embark.	In the case of a pilgrim of the age of ten years and above.	In the case of a pilgrim under ten years of age.

The deposit includes Rs. 1-8-0 per head on account of the transport of the pilgrim and his luggage from the shore to the ship at Jedda on the return journey.

14. *Estimate of cost of the* 1935 *Haj.*—It has been estimated for the ensuing Haj season that at the current rate of exchange (One pound gold=110 Piastres; Miri=rupees 22) the minimum cost of pilgrimage, including a visit to Medina, to a pilgrim who proceeds to

Jedda as a deck passenger and travels on a camel in the Hejaz would be approximately Rs. 600 if he sails from Bombay, Rs. 595 if he sails from Karachi and Rs 655 if he sails from Calcutta. Substantial additions to these figures will also be necessary if the pilgrim chooses to adopt more comfortable means of locomotion and a higher standard of living. The minimum cost of pilgrimage from Bombay last year was estimated at Rs. 585. The estimate has undergone a slight increase this year owing to an appreciation in the price of gold in terms of sterling which produces a corresponding increase in the items of Sa'udi tariff, as the latter are fixed in terms of gold. As the estimated minimum cost would prove insufficient, should there be a further rise in the value of gold, it is suggested that no pilgrim, not even the hardiest and poorest, should start on the pilgrimage unless he has provided himself with at least Rs. 615. In the case of a pilgrim travelling second class on board the ship and in a motor bus in the Hejaz, the cost is estimated to be about Rs. 1,220 in the case of pilgrims sailing from Bombay, Rs 1,200 in the case of those sailing from Karachi and Rs. 1,295 in the case of those sailing from Calcutta. If the pilgrim travels first class on the ship and uses a touring motor car for journeys in the Hejaz, the expenditure would be approximately Rs. 1,795, Rs. 1,770 or Rs. 1,870 according as he sails from Bombay, Karachi or Calcutta
